

# INTERNATIONAL SEARCH REPORT

International application No.  
PCT/KR2004/000947

<b>A. CLASSIFICATION OF SUBJECT MATTER</b> <b>IPC7 A61K 31/195</b> According to International Patent Classification (IPC) or to both national classification and IPC		
<b>B. FIELDS SEARCHED</b> Minimum documentation searched (classification system followed by classification symbols) IPC7 A61K Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched Korean Patents and applications for invention since 1975 Electronic data base consulted during the international search (name of data base and, where practicable, search terms used) PubMed		
<b>C. DOCUMENTS CONSIDERED TO BE RELEVANT</b>		
Category*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
X	Guoying Zhang, et al., "Effects of Dietary Powdered Green Tea and Theanine on Tumor Growth and Endogenous Hyperlipidemia in Hepatoma-bearing Rats", Bioscience, biotechnology, and biochemistry, 2002, vol.66, no.4, pp.711-6 (See the whole document, especially Fig 2)	1-5
A	Anne W. Harmon, et al., "Differential effects of flavanoids on 3T3-L1 adipogenesis and lipolysis", American journal of physiology. Cell physiology, 2001, vol.280, pp.C807-C813 (See the whole document)	1-5
A	Tholon L., et al., "An in vitro, ex vivo, and in vivo demonstration of the lipolytic effect of slimming liposomes: An unexpected alpha(2)-adrenergic antagonism", Journal of Cosmetic Science, 2002, vol.53, no.4, pp.209-18 (See the whole document)	1-5
A	Shimura S., et al., "Changes of lipid concentrations in liver and serum by administration of carnitine added diets in rats", The Journal of veterinary medical science, 1993, vol.55, no.5, pp.845-7 (See the whole document)	1-5
<input checked="" type="checkbox"/> Further documents are listed in the continuation of Box C. <input type="checkbox"/> See patent family annex.		
* Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "E" earlier application or patent but published on or after the international filing date "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means "P" document published prior to the international filing date but later than the priority date claimed "T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art "&" document member of the same patent family		
Date of the actual completion of the international search 09 AUGUST 2004 (09.08.2004)		Date of mailing of the international search report 09 AUGUST 2004 (09.08.2004)
Name and mailing address of the ISA/KR  Korean Intellectual Property Office 920 Dunsan-dong, Seo-gu, Daejeon 302-701, Republic of Korea Facsimile No. 82-42-472-7140		Authorized officer KIM, Hee Jin Telephone No. 82-42-481-5412
